Introduction:

The following is a list of the various web links for the course scheduling system. These are documented in the implementation meeting minutes published on the project documentation website.

- **Catalog** *(all courses available at GSM)*
  - With header and program selector:
    - https://webapps.aws.ucdavis.edu/courses/curriculumOverview
  - For Drupal:
    - https://webapps.aws.ucdavis.edu/courses/catalog
- **Curriculum** *(program specific catalog)*
  - With header and program selector:
    - (**see Catalog link above**)
  - For Drupal
    - https://webapps.gsm.ucdavis.edu/Raps/courses/curriculumOverviewByProgram?program=<Any ActiveProgramCode>
    For example:
    SMBB: https://webapps.aws.ucdavis.edu/courses/curriculumOverviewByProgram?program=SMBB
- **Course Offerings** *(sections offered within specific term)*
  - Public view (search utility and ability to create bookmarks for pre-defined filters)
    - https://webapps.gsm.ucdavis.edu/Raps/courseScheduling
  - Student view (login required)
    - https://webapps.gsm.ucdavis.edu/Raps/login/studentLogin
- **Concentrations** *(list of courses associated with each concentration)*
  - With header and concentration selector:
    - https://webapps.gsm.ucdavis.edu/Raps/courses/concentrations
  - For Drupal
    - https://webapps.gsm.ucdavis.edu/Raps/courses/coursesForConcentration?concentration=118543
      - (**Note: you can use the v_concentrationGroups view through Altova DatabaseSpy to identify the ID for specific concentrations**)
- **Course Catalog details** *(individual detail page for each catalog record)*
  - For Drupal:
    - https://webapps.gsm.ucdavis.edu/Raps/courses/course?id=118552
      - (**Note: you can use the v_courseOfferings view through Altova DatabaseSpy to identify the ID for specific courses**)
- **Course Offerings details** *(individual detail page for each course offering)*
  - With header and program selector:
    - https://webapps.gsm.ucdavis.edu/Raps/publicView/courseView?crn=53541&term=201201
  - For Drupal
    - http://webapps.gsm.ucdavis.edu/Raps/courses/courseView?crn=71598&term=201110
      - (**Note: you can use the v_courseOfferings view through Altova DatabaseSpy to identify the CRN for specific courses**)
